

**International E-Conference on Advances in Engineering, Technology and
Management - ICETM 2020**

S.No	Title	Page No.
1	Revealing Technology Development Of Carbon Capture And Storage Using Patent Portfolio Analysis	1-5
2	Scientific Research Of Challenge To A Fatal Disease ~Citation In Huangdi Neijing Struck (Infantile Paralysis)	6-10
3	Conceptual Design Validation Of A Multi-Planetary Transit Vehicle	11-14
4	Virtual machine management technique for providing high-efficiency daas to companies	15-20
5	Triplanar-Cnn For Automated Grading Of Gliomas Using Preoperative Multi-Modal Mr Images	21-27
6	Marketing And Production Strategies Based On Supply Chain Of Ban Pang Moo Healthy Sesame Group In Muang District, Mae Hong Son Province	28-34
7	Enhancing Protection Of Vehicle Drivers And Road Safety By Deploying Adas And Facial Features Pattern Analysis (Ffpa) Technologies	35-39
8	Differeces In Language Mentality	40-46
9	Situated Learning In A Course Of Augmented Reality Technology And Application Design	47-52
10	Implementation Of Gamma-Ray Simulation For Educational Purposes With An Innovative Web Approach	53-56
11	Time Influence On The Mechanical Proprieties Of Ancient Mortars Of Eastern Sicily	57-61

12	Tarhana; Avery Old Traditional Fermented Cereal Turkish Food	62-66
13	IMPROVING THE LIFETIME OF A RECIPROCATING COMPRESSOR FOR DOMESTIC REFRIGERATOR	67-71
14	Uncertainty Factors In On-Line Education Due To Covid-19 Pandemic During March To May	72-76
15	Nanomechanics And Its Applications: Mechanical Properties Of Materials	77-81
16	Realization Of A Smart Factory From The Perspective Of Production Performance Processing Using Nfc	82-87
17	Research On Prevention And Improvement Of Ac Overcurrent In Static Inverter	88-92
18	Taoyuan Airport Mrt Emu Vibration Prevention And Improvement Program Research	93-98
19	Some Reflections On Critical Chains In Project Management	99
20	On Realizing Alternating Minimization Algorithm With Tensorflow	100
21	On Neural Artistic Style Transfer for Traditional Chinese Painting	101
22	Job Competency Effects On Employee's Job Performance Among Tourism Managers, A Case Study Of Mongolia	102-108
